(c) request for renewal of license for  
recreational purposes

Dear Sir:

I wish to thank the City of Pacific Grove for its continued interest in preserving the natural and historic beauty of the Point Pinos Lighthouse Reservation. With that thought in mind I will attempt to answer your letters of 14 April 1972.

It has been determined by the Coast Guard that there is a continuing requirement for the Navy Fleet Numerical Center. Questions concerning the acquisition of federally owned property should be addressed to the General Services Administration.

Your request for renewal of the license covering the use of the golf course is presently being considered. You may expect a reply in the near future.

Please find enclosed the renewal of the license which allows for use of a portion of the light station as a museum. Upon execution and acknowledgment of this document, please return a copy for our files.

Sincerely,

C. S. CHANGARIS

Legal Officer, Twelfth Coast Guard
