

March 26, 1974

Mr. George E. Henderson  
P. O. Box 914  
Morro Bay, California 93442

Dear Mr. Henderson:

Thank you very much for answering my letter regarding furniture from the Pt. Pinos Lighthouse and for supplying other information which will be valuable to our archives.

The Coast Guard had previously told me that furniture in the Lighthouse had been sent off to Pt. Loma. This doubtless was that provided by Coast Guardsmen as your letter states.

When I received the note from our Lighthouse attendant regarding furniture at Morro Bay, I was hopeful that a few pieces might still survive. In any case I appreciate your reply and explanation which will help others who may look for it.

I would be grateful for information regarding "Jiggs."

Sincerely yours,

Vernal L. Yadon  
Director
