Dear Mayor Quinn:

It has come to my attention that there presently exists an unanswered resolution passed by the City Council which refers to the Coast Guard. The resolution I refer to is number 4450 passed on 15 December 1965. This resolution states in part that the City of Pacific Grove declares its desire to acquire and police the lighthouse reservation and the lighthouse to preserve the natural beauty of the area and to maintain the lighthouse as a historic site.

As one of my last official acts I would like to suggest that with the granting of the last lease on the lighthouse itself and the other leases already in effect the requests made in the resolution have been satisfied. It just took a little longer than planned.

Sincerely,

A. L. CHAPEAU
Lieutenant, U.S. Coast Guard
Group Commander/Captain of the Port
