Dear Ms. Ehrman:

Your letter to Mr. Bill Pitt, Administrative Services Director, requesting permission to rent the Point Pinos Lighthouse was sent to me for answering.

The Point Pinos Lighthouse is a Federal facility under the jurisdiction of the 12th United States Coast Guard District. The City of Pacific Grove has a license which authorizes it to operate a museum within the facility. We have no authority to use it for rental purposes.

Since the Lighthouse is a Federal facility, is listed on the National Registry for Historic Sites, and is actively used as an aid to navigation, I feel it is extremely remote that they would consent to renting the structure for private use.

Sincerely yours,

Vernal L. Yadon
Director
