

**GENERAL NOTES**

- Survey Data: Planetable survey by U.S.G.G., June 1961. Basis of bearings: Ely property line of station-true. Plane coordinates Zone IV. See Dwg. F-161-02-0. Elevations are based on approx. M.L.L.W. Datum. Reference elevation is rim elev. 65.60' of 30" dia. sewer M.H. Contour interval is 2 feet. Light focal plane is at elev. 68.8' (approx). Station area is 4.94 Ac. Fog signal area is 0.08 Ac.

**STATION NO'S OF BLDGS & STRUCTURES**

- Light tower, watch room (office) & single family quarters building 30'-6" x 38'-6" Masonry (stone) w/ wood frame addition (rear)
- Fog signal building, 17' x 26' concrete. Not shown: Refer to Dwg. F-161-02-0
- Single family quarters 'A' (0.026-30'-47' wood frame-stucco-tile roof)
- Single family quarters 'B'
- Paint locker (flammable liquids), 10' x 12'-6" brick-concrete
- Switch & control building, 5' x 5' wood-plywood
- Flag pole, wood (demountable), 35'
- Two car garage, wood, inside city lease area

**LEGEND**

- Sewer — S —
- Power Ducts — E —
- Telephone Ducts — T —
- Water Lines — W —
- Domestic Water Lines — DW —
- Gas Lines — G —
- Fire Lines — F —
- Fire Hydrant — FH —
- Valve — V —
- Full box electric, telephone — □ —
- C.P. — Survey control point, with plane table
