ARCHITECTURAL & LANDSCAPE DESIGN & DRAFTING SERVICES

3/2/2001

Dear Mr. Finnegan:

For the sum of \$2,500.00 I will execute the following actions at
The Lighthouse here in Pacific Grove:

1. Remove the existing balustrade and steps at the front entrance, haul away the debris but save and reuse the old newel post and hand rail.
2. Build new horses, risers and treads, skirt, and threshold and reconstruct the balustrade to match existing. The design will be changed only to prevent water from flowing under door and the porch.
3. Paint to match using paints provided by the city.

Sincerely,

Mark Travaillle
